Toma!
Behind you!
Hey now, don't blame me for . . . oh, I guess I am kinda to blame for a lot of today.
But Toma running off like he did? Well, okay I didn't exactly try to stop him.
Why give me such a hard time, anyways? As I recall, you told him he should use his power to help others.
Trust in the little dude! Just like I once trusted a cool new hire to deal with a trio of troublmak-aAA!
CRACK!!

I want him to help us humans. Just because you're a saint to us, ol' "King", doesn't mean he's ready for how some of the other toons might feel.

As manipulative as you can be, I'll let this one slide. I'll trust him because I trust you, Parmesan.

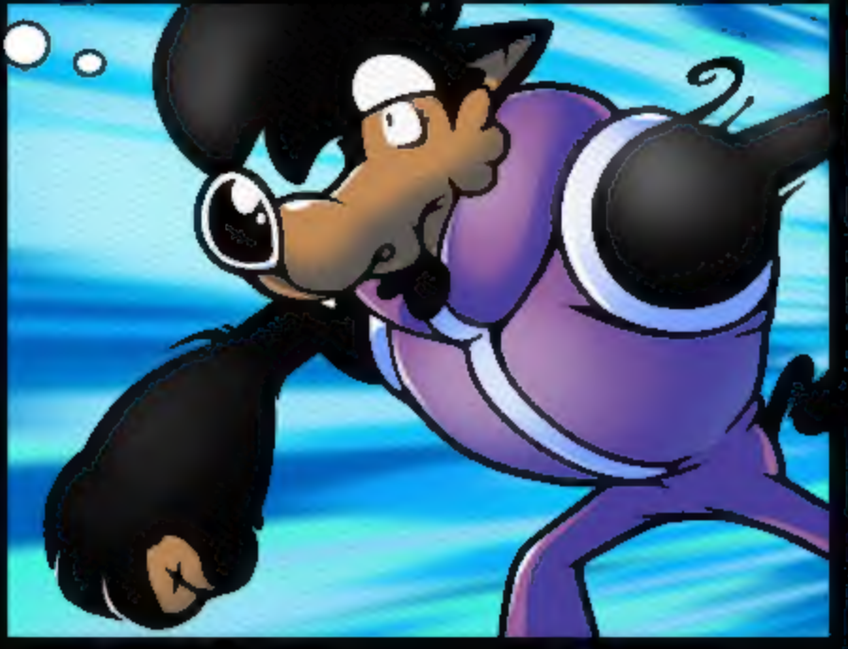
You know, if you hurry... might be able to catch a gnarly show!

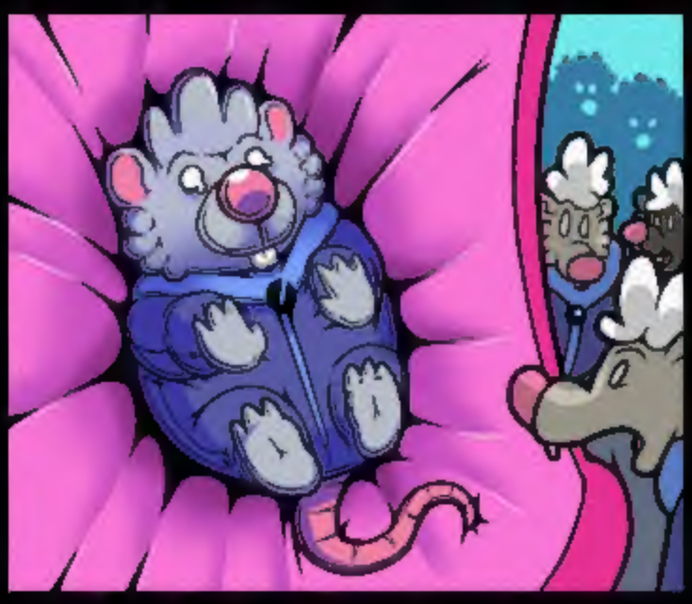
Maybe even gnarlier for Toma, if my bro ever bothered learning how to use the Book.

Whoa. . . I don't think they were ready for that!

Don't think I was ready for that either.

Are they ... okay!?



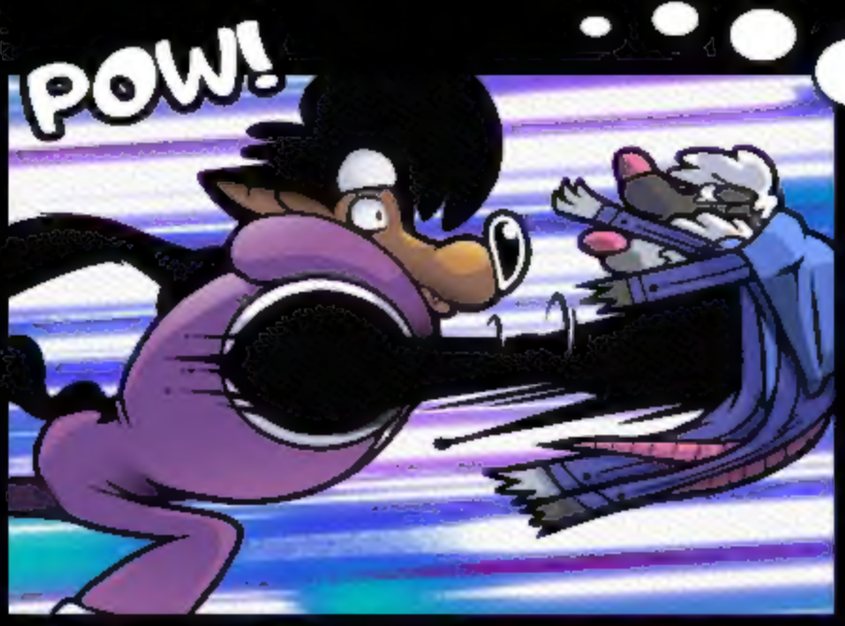


Toons get splatted like that all the time! Seen my fair share. Totally fine!

Well maybe out of commission for a bit.

Here they come!!

Oh yeah that sure riled them all up!



You didn't see it, but same thing happened to me once.

Now that I think about that, I don't feel so bad.

'Cause if this world works on some of the more wacky physics of Acre's later stuff...

Seems that way!

Hah!

Then I don't have to hold anything back!
